If you do not have such authority or if you do not agree with the terms and conditions of this EULA agreement, do not install or use the Software, and you must not accept this EULA agreement.

This EULA agreement shall apply only to the Software supplied by Fondation First Responder herewith regardless of whether other software is referred to or described herein. The terms also apply to any Fondation First Responder updates, supplements, Internet-based services, and support services for the Software, unless other terms accompany those items on delivery. If so, those terms apply.

End Users will be geolocated only if they accept to intervene. Geolocation data will be used only while the emergency is taking place.

Distress calls are directly managed by the dispatch center (Fondation First Responder) who is also responsible for the end users data and registration approval.
